Dear Seniors and Walkers 2023-

Spring Break is almost here and that means it is time to give you a rundown about Lowell House Commencement plans. Please read through the attached information. It includes a Lowell-specific schedule and condensed FAQs. Liam and I will keep you informed in real time if there are any changes to the basic plan. Note: The Harvard Alumni Association has a helpful website that focuses on your class; I recommend you check this regularly. <https://alumni.harvard.edu/college/seniors/commencement>

Please make sure to check your email (and your spam folders) in the upcoming months. Not only because you'll need to stay informed of any changes, but also because our office will be sending you VERY important emails about graduation data verification.

Your Senior Class Committee Representative is AJ Dilts. Please keep a lookout for messages from him about Senior Week and other exciting prospects. Remember: You have accomplished a great deal these past few years -- under very difficult circumstances -- and we genuinely applaud you. You are *almost* done, spring has *almost* sprung, and we will have loads of fun!

Beth
